President's Corner

Here we are in Mardi Gras and St. Patrick's Day month. Today, as I write this the sun is shining and temperatures are warming! I'm grateful for that!

The Board of Directors, Maintenance Task Force and the various committees have been really busy. The Maintenance Task Force is nearing the completion of its work. It should have a 2025 Maintenance Plan ready to present to the Board of Directors for approval at its March meeting. The Rules & Regulations committee has invested many hours into its review as well. When the committee completes their review, their recommendations will be presented to the Board of Directors for a final edit and approval. The Neighbor-2-Neighbor Committee had its organizational meeting February 28. You'll be hearing more about it soon.

The Member's Forum Q & A's have been compiled into a document and will soon be posted in the Document Repository on HOA Life. The Board of Directors has completed a review of the Association's bylaws. These were sent to the Association's attorney and is a work in progress. Two new board members have been voted in by the Board of Directors to complete the terms of Sandra Gano and Don Mueller who both resigned for personal reasons.

Have a great month!

Welcome New Board Members

CHARLIE DENHAM joined the board of directors in February following the resignation of Sandra Gano. Charlie has lived in White Oak Village since October 2022 and has served on the public safety committee.

He attended the University of Kentucky, earning a Bachelor of Science in Civil Engineering, then added further graduate study with emphasis on soil mechanics. His long career includes numerous accomplishments on highway, industrial, and coal mining construction projects. Charlie enjoys playing pickleball, as well as sailing, swimming, and scuba diving.

LAVERNE MCKENNEY joined the board of directors following the resignation of Don Mueller. She has lived in White Oak Village since April 2022.

Laverne was born and raised in Scott County and graduated from SCHS. She graduated from Morehead State University with majors in chemistry and biology, and earned her MEd and MBA from Xavier University. She taught high school sciences and math for 17 years, then made a career change to the computer industry as a programmer/analyst, systems analyst, and release manager for Oracle Software Systems.

Laverne says she LOVES it here in the Village.
